ARMY OF DEMOCRATS

Greeted Ohio's Next Governor at Hamilton Today.

The Opening Meeting Was Marked By Great Enthusiasm.

City Is Gorgeously Decorated In Honor of the Occasion.

Noted Speakers Addressed Thousands of Strangers ---Parade Was a Monstrous One.

HAMILTON, O., Sept. 30.—[Special]—This city was besieged today by a mighty host of Ohio Democrats, coming from every section of the state.

It was a magnificent meeting of the representatives of the party of the People, the Common People, the People of this great state, the People of Lincoln and Bryan.

Early this morning special trains began to bring in the crowd. Every car was filled with cheering Democrats, who were in Hamilton to assist in firing the opening gun in defiance to trusts, imperialism and Hanism. The city presented a handsome appearance. Irrespective of party, the people vied with each other in making their residences as beautiful as the national colors and bunting could be made to look.

Every arrangement for the reception and entertainment of visitors was perfect. The press headquarters were located in the jury rooms of the Court house, where every convenience for the visiting scribes was at hand. All in all Hamilton is outdoing herself. The Democrats of Ohio see the wisdom of selecting it as the city for the opening of the campaign.

The enthusiasm is intense and it is estimated that over three thousand men were in the parade. The meeting is as large, if not larger than the Bryan meeting held here. It is estimated that fully ten thousand strangers were in the city.

M'LEAN'S ARRIVAL.

Met By Reception Committee and Marching Clubs.

Mr. McLean, accompanied by the Columbus clubs, arrived shortly after 11:30 o'clock. He was met by a reception committee, headed by Judge John F. Meilan and Col. James E. Neal. The Ohio University Marching club, 100 strong, acted as an escort. He was immediately driven to the St. Charles hotel, where an informal reception was held, hundreds calling to pay their respects to the Democratic candidate for Governor. Mrs. McLean was with her husband. She is the guest of Mrs. James E. Neal.

PARADE

Was Largest In the History of Hamilton.

The parade was the largest in the history of the city. The formation was perfected with very little delay, the order "forward march" being given almost at the appointed hour. The crown, along the line of march was immense. Candidates McLean and Patrick were wildly cheered as their carriage passed along the streets. The formation was as follows: Grand Marshal Chris Pabst and 12 assistants. Escort. Hamilton escort, 100 men. Ohio State University McLean club, 100 men.

THE WEATHER:

Fair tonight, with heavy frost—Fair and warmer Sunday.

MANUFACTURERS

Closed Down Plants For Benefit of Their Employees.

Practically every shop in Hamilton was closed down today at noon in order to allow mechanics and employees to attend the meeting. The laboring men were out in great numbers, taking an active interest in all the proceedings.

"But what can be said of Frederick Archer's touch, of his sublime conception of organ music, of his intense words are strong enough to describe the artistic value of Frederick Archer's organ recitals." — Amelia Lewis in Music and Drama. Do not fail to hear him at the First M. E. church Wednesday evening, Oct. 4.

A COFFEE EXPERIMENT.

Not Likely to be Repeated.

"The work of a newspaper correspondent involves constant thought and study, with consequent brain and nerve weariness." It may interest you to know of my experience with coffee.

"Some years ago I was compelled to give it up, and after a few years' abstinence started its use again, at breakfast only. Within a few weeks I was compelled to abandon it as I became nearly paralyzed. During the forenoon of each day my arms and wrists were so benumbed that I could not use them with difficulty. Alarming symptoms began to develop which my physician informed me were the forerunners of apoplexy. Coffee was therefore forewarned. Milk, of which I was very fond, made me intolerably drowsy and stupid."

"About two years ago my attention was called to Postum Cereal Food Coffee, and a trial was made, believing that if it proved half as valuable as claimed it would be of great advantage to me. On the first trial it tasted rather insipid to our strong-coffee-loving family, but a little freer use of Postum and longer boiling produced a delicious drink, and within a short time the members of the family, one and all, had become ardent advocates of Postum Food Coffee."

"In my own case it has worked wonders. I work more constantly than ever, but my general health is better than at any time in my life, and the symptoms of nervous trouble having wholly disappeared. About eight months ago I made one more trial of coffee, reducing it with nearly half milk. The experiment lasted four or five days, and is not likely to be repeated. The nervous suffering that followed is indescribable, and I did not recover from its effects for nearly two weeks."

"Nearly all of our neighbors are now using Postum Food Coffee, and it is used almost exclusively by the large Sanitarium in our city. A Maynard Barbour, Bailey Block, Helena, Mont. Postum is sold by all first-class grocers, and made by Postum Cereal Co. Ltd. at their factory, Battle Creek, Mich.

CAUGHT IN A LIE.

Beacon's Silly Story Stamped as a Fake By Republican Postoffice Authorities—No Supplements Mailed.

The Beacon Journal in Friday's issue gave birth to a puny freak of mendacity that should be placed on exhibition as an example of the extreme littleness to which that paper will resort. It was brought forth editorially, the statement being made that the DEMOCRAT violated the postal laws in sending out supplements in its paper Roosevelt Day, and further accused the postoffice authorities with being "hood-winked."

The DEMOCRAT made inquiry of the postoffice authorities relative to sending the supplements through the mails, and was informed of the law in that connection. Of course no attempt was then made to send the supplements with the regular edition of the DEMOCRAT through the mails, and supplements were placed only in those papers delivered by the DEMOCRAT carriers and sold at the news stands.

The Beacon took it for granted that the supplements had been sent through the mails, and made no inquiry relative to the matter. This is but another instance of the unreliable manner in which the Beacon Journal serves news to its readers. No inquiries made, the editor writes a story that accuses the local postoffice officials with being people who can be "hood-winked," and the DEMOCRAT with violating the law.

Referring to the matter today George W. Shick of the mailing department at the postoffice said to a reporter for the DEMOCRAT, "We examined the papers that were sent through the mails, and found no supplements among them."

Assistant Postmaster J. W. Chapman said to the reporter, "I also examined the papers and found no supplements among them. The object of the Beacon Journal has apparently been that of casting a slur on the postoffice as well as on the DEMOCRAT. Its statement in the matter is a dirty lie."

Now, that the Beacon Journal has been caught in such a bold, malicious lie, it will be difficult for its readers to know just when to believe it. When it cries "Wolf," the people will not run.

DECLARED

He Would Not Leave.

How Dr. W. D. Clinton Asserted His Rights.

Held Crowd at Bay With Revolvers.

Delegates to General Conference Instructed.

Proceedings of the A. M. E. District Convention.

At this morning's session of the Allegheny Ohio conference, the delegates to the general conference at Washington, D. C., next May were instructed to vote for Rev. E. H. Curry of Cincinnati, for bishop. They were also instructed to do all they could to secure more bishops for this district, but no number was designated. The delegates were instructed to raise a fund for general purposes by collecting \$1 from each member of the conference.

Bishop C. C. Petty is in charge of the meeting. Saturday morning he took occasion to reprove Dr. W. D. Clinton of Pittsburg, for his remarks Friday forenoon, urging the colored people to take up the shotgun to procure their rights. But Dr. Clinton would not be called down. He responded to the bishop's remarks by saying that he had nothing to take back. He also claimed that he was misunderstood in his statements. "I do not urge the people to engage in a race war," said he. "I merely advocate that they defend themselves with arms when assaulted."

Dr. Clinton is the man about whom so much was heard in the Pittsburg papers a couple of years ago. He, in company with nine delegates to the general conference in Mobile, Ala., left Pittsburg in May, 1896, for Mobile. The journey was without mishap until Meridian, Miss., was reached. It was night and the delegates started into one of the sleeping cars. They were ordered out by the conductor.

PAPER MILL.

It May be Erected In This City.

Land Could Not be Obtained For the Plant in the Falls.

The new company recently organized for the purpose of operating a paper mill with A. W. Maynes as manager, has been unable to secure a suitable location.
